## EDUCATION

SRDF VIVEKANANDA VIDYALAYA

CHENNAI INSTITUTE OF TECHNOLOGY
B.E Computer Science Engineering

## SKILLS

- Problem Solving
- Communication Skills
- Time management
- Analytical thinking

## EXPERTISE

- C++
- Java
- Python
- HTML
- CSS
- JavaScript
- Web Design

## INTERN EXPERIENCE

THIRAN 360 AI

Bangalore, india

Web developer

During my internship, I gained extensive experience in developing and maintaining responsive web applications using HTML, CSS, JavaScript, and frameworks like React.js and Node.js. I honed my skills in designing user interfaces, integrating RESTful APIs, and conducting thorough testing to ensure high-quality performance. Additionally, I learned how to deploy applications on cloud platforms such as AWS and Azure. This experience significantly enhanced my full stack development expertise, improved my problem-solving abilities, and taught me the importance of collaboration and proactive communication in a team setting. 11/24-12/24

## COURSES

- AWS Cloud Practitioner
- Google Cloud AI
- Cisco - Introduction to Cyber Security
- Cisco - Participated in TCS Code Vita
- Energy Literacy Training
- Mathworks ML onramp
- Bentley modeling structures with analytical modeler
- UIPath Automation Explorer
